**INTENDED USE**

This custom formulation developed by Prinova Solutions is based on information provided by the client and practices believed to be reliable. However, the results may vary with finished product processing parameters. Before placing any commercial order, it is the responsibility of the client to review the formulation specification and evaluate a research sample thoroughly to assure compatibility in the finished product. The client is solely responsible to ensure that this formulation matrix, supplied in accordance with provided specifications, is in compliance with all applicable local regulations.

**TECHNICAL SUPPORT**

For technical assistance, please contact Prinova Solutions USA R&D at 630-868-0399 or Prinova Solutions Europe Ltd Technical Services at +44 1622 713700.

**FORMULA ACCEPTANCE AND AUTHORIZATION**

By signing this product data sheet, the customer acknowledges that the above specifications are correct and comply with local regulatory requirements. A signature is required for the first commercial order.
